

jescopALLETGARD®

Keep objects from falling off loaded pallet racks by using palletgard panels. Constructed from 1 1/4" angle frame and 2" x 1" x 10 gauge rectangular mesh. Easy to install, just bolt clips to pallet rack upright and fasten to panel. Standard panels are available in widths of 8', 9' or 10' and heights of 4' and 5'. The 3'6" wide panels are used to enclose ends of racks. Interconnecting hardware is included. Clips are not included. Order size and quantity below. 1 package containing 4 clips is required per panel. Custom size clips and panels are available to fit most applications. Painted dark gray.
