111130	36 72	294

jesco® A-FRAME TRUCKS

Use these trucks to move plywood, drywall or other large panels. Trucks feature all welded construction, one piece 13 gauge deck with 2" lips formed down for extra strength. Retaining edge is securely welded to deck. Casters are bolted on for easy replacement. Painted Jesco standard blue. **Always observe all safety rules when using this product. Caution: Do not exceed 48" above deck. Balance load equally on both sides. Secure items to cart when transporting. Use on flat, hard surfaces only.**
