

# jesco® PLATFORM TRUCKS

Designed to carry your heaviest loads, these trucks feature all welded construction, one piece 13 gauge formed steel deck with 2" lips formed down for extra strength, 11 gauge formed steel caster mount, reinforced pipe handle sockets, removable 2 slatted pipe push handle. Casters are bolted on for easy replacement. Heavy duty models feature 5" x 1<sup>1</sup>/<sub>4</sub>" polyurethane casters (1000 lbs capacity) while the extra heavy duty (EHD) models feature 6" x 2" moldon rubber casters (2000 lbs capacity) and a reinforced deck. Deck height for HD models is 8<sup>3</sup>/<sub>4</sub>" and 10<sup>1</sup>/<sub>4</sub>" for EHD models. Painted Jesco standard blue.

## jesco® Platform Truck

- Removable handle
- Up to 2000 lbs capacity

W" x L"	HD		EHD	
	Part No.	Wt.	Part No.	Wt.
24 x 36	102775	60	10277B	85
24 x 48	102795	77	10279B	102
30 x 60	102845	86	10284B	121
