

# jesco® WORK PLATFORM

Convert your forklift into a work platform. Base and 4" side curbs are formed from one piece of heavy gauge sheet for extra strength. Deck has a slip resistant surface. Hinged gate with pin safety lock built in for extra security. Fork channels are on 25" centers with full length tube openings of 7" x 2<sup>3</sup>/<sub>4</sub>". There are safety pins behind each fork and heavy duty chains welded to back frame of platform which secure around fork carriage. Also available fitted with casters, back riser, tool tray and light bulb caddy. 1000 lbs capacity. Platforms are painted safety yellow.
